

Smoke Alarm Installation

Items Needed:

Screw Driver

Ladder

Smoke Alarm

Information for Home Owner

Follow instructions on installation included in smoke alarm.

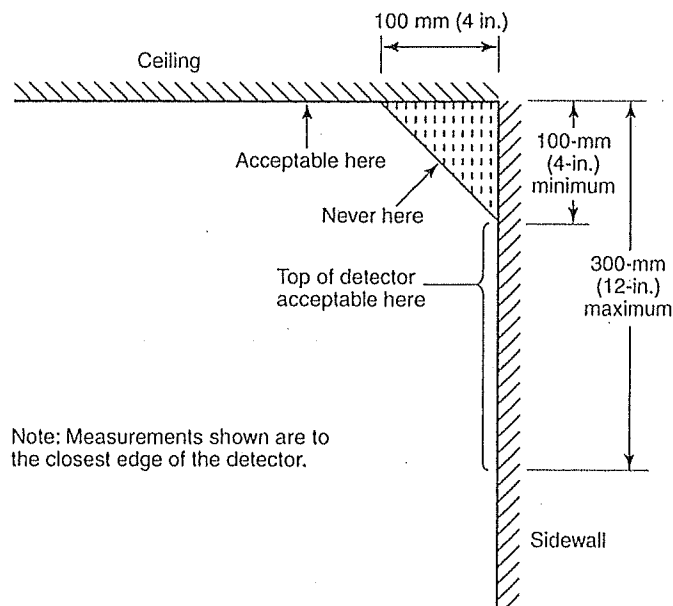

When addressing home owner-

- Address by formal name (Mr. Ms. Mrs. etc.)
- Identify yourself clearly and be sure to have a name badge.
- Be persuasive but respect person's right to say "no" to service. Provide fire safety information and information about the alarm program.

Where to Install –

Ultimately this is the homeowner's discretion but try to avoid areas such as:

- Kitchens
- Garages
- Bathrooms
- Most attics, unless the local jurisdiction requires them in walk up attics

Place smoke alarm on wall or ceiling at least 4" from corner. Do not go down more than 12" from ceiling on sidewall.
